

DISAGREE OVER DRAGO DOCTRINE

Discord Prevails Among the Members of Committee of International Conference.

REPORT MADE ON COMMERCE

American Delegation Urges the Adoption of Sanitary Precautions Against Yellow Fever.

(By Associated Press.)
RIO DE JANEIRO, August 16.—General discord prevails among the members of the committee of the International Conference having the Drago doctrine resolution under consideration. Certain American, Uruguayan and Colombian desire the elimination of the entire subject from the programme, and Brazil, the United States and Mexico desire its recommendation to the Hague Tribunal without comment. Argentina is vacillating. The commerce commissioners' partial report was adopted to-day. It recommends that an expert work out a plan for unifying the customs and shipping laws of Pan-America, the Bureau of

The Pan-American Railway Committee American Republics to supply the statistics combining on a report recommending that a railway be constructed by each of the countries interested, who shall establish a central bureau, which will transmit information, and advising that a uniform gauge be decided upon. The American delegation has submitted a report urging the adoption of sanitary precautions against yellow fever and tuberculosis, and recommending the appointment of a Pan-American sanitary commission.

MORE TROUBLE EXPECTED

Santo Domingo Reported to Be Again in a Ferment.

(Special to The Times-Dispatch.)
WASHINGTON, D. C., August 16.—Santo Domingo is again in a ferment, and according to dispatches received by the State Department, further revolutionary troubles are expected there at any time. Unrest about Monte Cristi and other northern parts of the island portend further movements against the government, and Commander Southerland, who is in command of the American fleet which is guarding the island against revolutionary expeditions, has been warned to be on the outlook for parties who are expected to reach the island from Porto Rico or other neighboring islands, in the hope of strengthening and co-operating with revolutionary parties organized to overthrow the Cacera government.

Conditions in Santo Domingo are far from satisfactory and seem to be getting worse daily. Porto Rico is the stronghold of the enemies of Santo Domingo who have been banished, and any movement against the Cacera administration from outside is expected from that island. The announcement that James J. Jimenez, former president of Santo Domingo, has sailed from Porto Rico for New York is believed in Washington to indicate that Jimenez will endeavor to enlist Americans in a movement against Cacera.

PLOT TO KILL PALMA.

Cuba's President Fears Assassination—Palace Guards Doubled.

(Special to The Times-Dispatch.)
WASHINGTON, D. C., August 16.—There is rumor of a conspiracy to assassinate President Palma at Havana. In consequence the palace and treasury guards have been doubled, the customs employees armed and rifles issued to the police. Extraordinary precautions have been taken to protect the alleged conspirators from putting their plans into effect.

It is also stated that armed parties in the country are demanding money from planters. The government denies the rumors, and says that perfect tranquillity prevails. The chiefs of police and armed forces of detectives held long conferences at the palace to-day. The newspapers are full of rumors and official denials. The discussion says: "The condition of alarm continues. The existence of all spracies is a fact. Calisto Garcia's son and other leaders are being shadowed."

SECRETS NOT IN PERIL.

Sensational Stories Regarding Divorce Statistics Not True.

(Special to The Times-Dispatch.)
WASHINGTON, D. C., August 16.—William B. Rossett, acting director of the census, is sometimes amused and sometimes irritated by the "sacred stories" that are being published all over the country to the general effect that all sorts of scandals and family skeletons are about to be unearthed by the employment of this summer to twenty of the largest cities for the purpose of securing statistics on the divorce cases of the past twenty years. "I have been asked many questions for newspaper men ever since this matter was made public," he said to a Star reporter this morning, "and have tried to explain that there is absolutely nothing sensational in the work. It is merely a routine matter with us, and the public will never be any the wiser as to individual cases who have been finished. We wouldn't think of giving out any information in that way. In fact, our records will not even contain the names of the divorced persons when they are complete. It is block statistics that the government is after and nothing else."

Held Formal Meetings.
The Committee on Grounds and Buildings and Health met last night and disposed of bills and pay-rolls. There was nothing of public interest before either body.

THE BABY'S VOICE

POLISH CARNIVAL OF CRIME GOES ON

(Continued from First Page.)

was dissolved, seems now to have begun again. From all parts of the empire the telegraph brings the same story of attacks on police officials of all classes, accompanied in the majority of cases by plunder.

The Polish revolutionists are especially active. There is a veritable reign of terror from the River Vistula to the German frontier. Almost fifty cases of assassination were reported early last night. The Novos Vremya to-day heads its list of murders and other crimes "St. Bartholomew's Night in Poland."

The resumption of terroristic activity on a large scale renders the task of the government more difficult and darkens the prospects of the present military in accomplishing anything in the direction of an amelioration of the situation. While for the moment the campaign of the terrorist is bound to increase the revolution of the more conservative public opinion against the wild outbreak of terrorism, it is at the same time certain to force the government to redouble the measures of repression which it is claimed will in the end drive public sympathy back to support almost any means of relief. Some of the dispatches from Poland assert that the outbreak of terrorism is in retaliation for the wholesale arrests and repressions of the Governor-General.

Budget for 1907.
The government announces that the new Parliament will not be deprived of the right to revise the budget of 1907. The budget will be submitted to Parliament when it assembles in March and in the meantime the credits for the first two months will be one-sixth of the credits of the present year, under the authority of the fundamental laws assigning the credit for the preceding year in case of the failure of the passage of the budget.

Several liberal papers have been permitted to resume publication, either under their old names or with new franchises. The Holy Synod has declined to yield to the request of the Minister of Justice to allow divorce cases to be adjudicated by the civil courts in the various parts of the empire. The Minister of Justice, M. Chichégovitch, is himself the defendant in a suit.

Many Killed in Warsaw.
(By Associated Press.)
BERLIN, August 16.—A dispatch to the Vossische Zeitung from Warsaw gives details of yesterday's rioting. It says:

"The disturbance was due to the determination of the revolutionists to revenge the arrest of 140 workmen of an enamelled ware factory. The firing began at 10 o'clock on the morning in various parts of the city, as if by concerted signal. The first shots were fired by a young Hebrew, who killed a soldier and a policeman, and then fled into a shop. A soldier pursued the man and fired, killing the woman who kept the shop. In many places the military fired on the crowds indiscriminately, and the exact number killed has not yet been ascertained.

"Bodies picked up in the streets continue to be brought to the morgue in thousands. Streets which were guarded by troops. Many of the wounded conceal themselves, because the soldiers arrest all wounded persons. Strong patrols of twenty to fifty cavalrymen are riding through the streets, searching passers-by for arms. The streets in the Jewish quarter are deserted, because the military patrols knock down with the butts of their rifles everybody they meet.

Panic-Stricken Troops.
"A bomb was thrown at 2 o'clock in the afternoon in the windows of the police station, wounded seventeen policemen and twenty passers-by. Nobody was killed.

"It is a characteristic of the panicky condition of the soldiery that when the members of the volunteer hospital corps arrived on the scene of the shooting the soldiers leveled their rifles at the physicians, but a police official present saved the doctors' lives."

COMMANDER AND MRS. BOOTH-TUCKER.

Mrs. Booth-Tucker, the bride of the famous commander of the Salvation Army, is attracting considerable attention. Before her marriage Mrs. Tucker was known as Colonel Reid, and was one of the most active officers in the army.

Commander Tucker's real name is Frederick S. de Lauroy Tucker, but when he married into the famous Booth family he adopted the name in connection with his own. Before his conversion Commander Tucker had served as a judge and as a civil service official.

IS NOT AMERICAN GIRL AFTER ALL

Young Woman Brutally Handled by Chevalier Guards Is Russian.

(By Associated Press.)
ST. PETERSBURG, August 16.—The young woman, who after being arrested for making a sarcastic remark upon the bearing of the Chevalier Guards while they were marching along the Nevsky Prospect, August 14th, was subjected to gross indignities in the presence of officers of the regiment, is Anna Smirnov.

It was thought in this country at first that possibly Mile Smirnov referred to in the dispatches was Mile. Nelka Smirnov, a relative of Representative James W. Wadsworth and Speaker Wadsworth, of the New York Assembly, and prominent socially in Washington and other American cities. Speaker Wadsworth of the Mile. Nelka Smirnov left here for Russia last September.

Not Related to Them.

(By Associated Press.)
ROCHESTER, N. Y., August 16.—Mrs. Herbert Wadsworth, of Avon, says she is quite certain that the Mile. Nelka Smirnov, whom the Russian soldiers whipped nearly to death in St. Petersburg Tuesday, is not her niece. Mrs. Wadsworth says that August 1st she received a letter from her niece, and she was then engaged as matron in a Red Cross hospital in Finland.

In order to be on the safe side, however, Mrs. Wadsworth has sent a cable to Finland. Representative James Wadsworth said to-day that he believed he would have heard before now from St. Petersburg if the young woman assaulted were his niece. He said that he had written to the New York Assembly, said that Mile. Smirnov was not a blood relative, but a niece by marriage of Herbert Wadsworth. The parents of Mile. Smirnov have been dead several years, he said. She has been in the habit of paying periodic lengthy visits to this country. When the Russian Japanese war broke out Mile. Smirnov returned to Russia and became a nurse in a military hospital.

MEET AT JAMESTOWN.

Sanitary Boards Select Place Over Kansas City.

(Special to The Times-Dispatch.)
SPRINGFIELD, Ill., August 16.—Jamestown, Va., was selected over Kansas City, Mo., as the place for holding the annual convention next year of the Interstate Association of Live Stock Sanitary Boards, which closed their annual convention in this city this afternoon. Though Kansas City was advocated by a number of the delegates, because the convention could be held there at the same time as that of the National Association of Live Stock Boards, Jamestown was selected because of the expense to be held there.

The following officers were elected for the ensuing year: President, D. F. Luckey, of Columbia, Mo.; State Veterinarian of Missouri, Vice-President, C. G. Lamb, of Denver, Colo.; State Veterinarian of Colorado, Secretary-Treasurer, S. H. Ward, of Minneapolis, Minn.; State Veterinarian of Minnesota.

WOMAN FOUND HUSBAND DEAD IN PRISON CELL.
(By Associated Press.)
MT. CARMEL, Pa., August 16.—When Mrs. John Lashanda was placed in a cell last night at Marion Heights, here, for creating a disturbance on the streets, she encountered the body of her husband hanging from the ceiling. Overcome by the sight, she fainted, and his wife ran through the village bawling the police, and it was found necessary to arrest her. She had been placed in the same cell in which her husband had been confined, and made the discovery that he had hanged himself.

NEGRO SHOTS MAN WHO WON HIS MONEY

Policeman Neisz Steps In and Arrests Player Hiding at a Dance.

Robert Lynch and Ed. Fuller, both colored were playing pool early last night at a place near Baker Street and Shook Alley. Fuller won two successive games, and his opponent was so put out at it that he warned him not to do it again. Fuller would not be bluff until he won the third game. But when he saw Lynch reach for his hip pocket, he began to dig for an exit.

Two shots rang out on the summer night, previously still as a virgin forest except for the crackling of billiard balls, a colored quartette singing on the front steps, and a baby crying next door. Fuller smacked his hand to his side-pocket while his assailant fled. The city ambulance was called, and Dr. Mason found that the man had received one bullet in the fleshy part of his hip, lodging near the surface in front. He was not seriously hurt, but was taken to the hospital to have the bullet pulled out. The other charge has gone as wild as the shooter's aim at pool.

Officer Phil Neisz heard about the affair and decided that Lynch should be arrested. At 10:30 o'clock he called for the patrol wagon and sent the pistol welder and bad pool player to the Second Police Station.

Policeman Neisz discovered Lynch at Fisherman's Dance Hall. He slipped into the back way and repented him from his girl in the midst of a dreamy waltz.

You won't enjoy it to-morrow when you look back upon it."

Won't Do It.
Just here the men came up to the stand, and said: "We appreciate what you say, but we are not going to do it. We have stood this thing long enough. Many shouted for the Governor to go on, and he concluded his fruitless appeal to prevent the lynching.

GRAND ARMY WILL ENTER PROTEST

"Dignified but Emphatic" Objection to Erection of Monument to Wirz.

ABOLITION OF THE CANTEN

Ohio Man Was Elected Commander-in-Chief—Editor of Zanesville Paper.

(By Associated Press.)
MINNEAPOLIS, MINN., August 16.—The business sessions of the Grand Army of the Republic began to-day in the auditorium at Eleventh Street and Nocolet Avenue, about 1,500 delegates being in attendance. The most important question that are to be taken up during the meeting of the delegate body are the abolition of the canteen from the old soldiers' homes and the proposed erection of a monument to Henry Wirz by the women of the South.

On the question of a monument to Wirz there was considerable opposition. The report of Commander-in-Chief Tanner made no mention of the canteen question, but considerable space was given to Wirz, and the recommendation was made that the Grand Army enter a dignified and emphatic protest against the erection of the monument.

R. B. Brown, Zanesville, Ohio, was elected commander-in-chief; William H. Armstrong, Indianapolis, senior vice-commander-in-chief, both by acclamation. Captain E. B. Benton, of Detroit, Mich., elected junior vice-commander of G. A. R. by acclamation.

The new commander-in-chief of the Grand Army, R. B. Brown, was born in 1846, and has always lived in Ohio. He enlisted in the Fifteenth Ohio Infantry at the age of sixteen years, and in the Twentieth Army Corps in the Army of the Cumberland. He was a private throughout the first three years of his service. Mr. Brown is now editor of the Zanesville Courier.

SUMMARILY HANDLED.

Italian Murderer May Have Been Lynched and Thrown in River.

(Special by Southern Bell Telephone.)
LYNCHBURG, VA., August 16.—It is reported that the Italian who shot Foreman Goff, a Lynchburg man, on the Tidewater, Va., wharf, near the Leaville, causing an incipient riot, has disappeared, and cannot be found. It will be recalled that Leaville for some hours was the scene of a manhunt, and it is reported that the man made his escape from the crowd, which was in all details the proportions of a mob. Now it is believed that the Italian was summarily handled on the spot, and that no surprise would be expressed if the body of the Italian should be found in the next few days floating in the Staunton River.

An effort has been made to ascertain something about the missing Italian, but all that can be learned is that he was No. 24, and that he cannot be found. A gentleman who was in the city to-day, from Leaville, where he was connected with the building of the new road, said he knew nothing of the whereabouts of the Italian, but it is generally understood among the men whom he had heard talk of the matter that No. 24 will not work again on the Tidewater.

TOBACCO GROWERS.

Big Meeting Planned at Amelia Next Week.

(Special to The Times-Dispatch.)
AMELIA, VA., August 16.—Congressman W. C. Southall and some other prominent speakers will address the tobacco growers Thursday, the 23rd, at a business session in the interest of the Tobacco Association. About 18,000 horseheads of association tobacco have been sold this season already, and yet there is some who fear that association tobacco cannot be sold. The association holds a large lot of the pick of the dark tobacco crop of 1935, the very finest and highest quality, also fine wrappers. The excessive rains of this season are sure to injure the quality of the growing crop, and not a few by not hurrying to the sale of good tobacco under these conditions.

The citizens near Manbourn are arranging to hold a basket picnic, Saturday, August 23rd, at which ladies will be present, and some good speakers will present the cause of the farmers' way of selling tobacco on open auction sales, instead of the present method of grading and pricing in sound keeping order, placing a fair value on each grade and selling by guaranteed samples.

GREAT RAILWAY SYSTEM IS SOLD

The Street Car Service in New England, Valued at Millions, Changes Hands.

AFFECTED BY ACT OF STATE

Decision to Transfer Follows Close Announcement of Massachusetts Authorities.

(By Associated Press.)
BOSTON, MASS., August 16.—Details of the transfer by the New York, New Haven and Hartford Railroad Company of street car systems valued at many millions of dollars leaked out in this city to-day, and it was learned that the railway company had taken steps to divest itself of practically all of its street car property in Southern New England. The transfer, which follows closely on the announced intention of the Massachusetts authorities to retain in this State control of Massachusetts street railway corporations, has been made under an association known as the New England Security Investment Company.

According to information obtained here, the transfer is said to involve the street car lines owned by the New Haven road in both Massachusetts and Connecticut, with connecting lines to Rhode Island and New York. A report from New Haven, however, indicated the probability that the Connecticut lines might figure in the transfer.

For three years the New York, New Haven and Hartford Railroad Company has been acquiring street railways in the State of Massachusetts, and recently the holdings of the company reached such proportions that the matter was made the subject of a special message by Governor Guild to the Legislature. Attorney-General Dana Malone set about preparing a case which would eventually receive a ruling from the Massachusetts Supreme Court. While this case was being prepared he asked for certain information from President Mellen, through Chairman Jackson, of the State Railroad Commission.

This information was transmitted to the Attorney-General to-day, and almost simultaneously the fact that the railroad company had transferred its holdings became known.

GOVERNMENT TO STAND FIRM; TROUBLE FEARED

French Ministry Announces It Will Not Enter Negotiations With the Pope.

(By Associated Press.)
PARIS, August 16.—M. Brynand, the minister of public worship, to-day received several French political supporters and discussed with them the situation created by the Pope's encyclical letter to the French archbishops and bishops with reference to their attitude toward the law for the separation of church and state. M. Brynand denied that the government was disposed to enter into negotiations with the Pope for an understanding based on a modification of the law, which, he declared, must be applied as it stands. M. Brynand added that the government believed that the law would be accepted in the end, and he sincerely desired that it should be so on account of the intricate strife which refusal of the clergy to accept the law would entail; but he had also foreseen the possibility of resistance, and had taken all necessary steps. "I do not wish to say more on this subject," he minister concluded, "but perhaps some of these measures will prove a disagreeable surprise to certain parties."

HAS INEXHAUSTIBLE SUPPLY OF CHINAMEN

Evans Prepared to Furnish Them in Lots of 1,000 or 100,000.

(Special to The Times-Dispatch.)
WASHINGTON, August 16.—Thomas F. Evans, of New York, is in Washington, waiting an opportunity to submit a proposal to the government for furnishing Chinese coolies to dig the Panama Canal. As soon as Chairman Shonts makes up his mind how many yellow-skinned laborers he will require and names the other conditions, Mr. Evans will offer to land the Chinese at Colon, or anywhere else on the canal strip that the commission may designate.

"I am prepared to furnish Chinese laborers in lots of from 1,000 to 100,000, or more, if necessary," said Mr. Evans to-day. "I do not know how many Chairman Shonts will need, but he cannot ask for more than I can supply. I can let him have as many as he can handle. Coolies for the canal will come from Southern China, so that they will not be subject to the fevers of the Isthmus."
